Rome, August 8. N. S.

THE Differences between the Emperor and this Court are in a very fair way of accommodation, and the Pope intends in a day or two to admit the Imperial Ambassador to Audience. An Express is arrived here from *Modena*, who brings advice, that the Dutchess of *Modena* is delivered of a Daughter. The *French* and *Venetian* Ambassadors had Private Audiences of the Pope this week, intending to delay their Publick Audiences till several Points touching the Ceremonial are settled by the Congregation of Cardinals appointed for this purpose. The Cardinal *Barberino* Protector of the Affairs of *Poland*, has had several Conferences with the Queen Dowager of *Poland*, in order to adjust some Difficulties about the manner of her receiving the Ambassadors of Crowned Heads, who persist in their Refusal to visit her, till she consents to allow them the same Honours as are paid by her to the Cardinals.

Turin, Aug. 8. Mr *Hill*, Envoy Extraordinay from His Majesty of *Great-Britain*, returned hither on the 6th Instant from *Milan*, and being informed that the Duke of *Savoy* is on his Journey hither from St. *Maurice*, he went this day to meet him at *Chivaz*. On the 7th Instant a Gentleman arrived here from *Brussels* with the Charracter of Resident from the Elector of *Bavaria*.

Milan, August 12. The Prince of *Vaudemont*, our Governor, went from hence on the 8th Instant to meet the Duke of *Savoy*, as he passed through *Cosmo* in his return from St. *Maurice* to *Turin*, and having conferred with his Royal Highness, he returned hither this day. On the 10th the Duke and Dutchess of *Parma* came hither *incognito*, returning home from St. *Maurice*, and they have been splendidly entertained by our Governour.

Leghorne, Aug 14. Admiral *Aylmer* sailed from hence with the Squadron of Men of War under his Command on the 11th Instant, having been treated, during his stay here, with great Civility and Respect. He designs to call at *Genoua*, and from thence to proceed to the Coast of *Spain*.

Venice, August 14. The *Turkish* Officers, who came hither some time ago with Passes for Signior *Soranzo*, appointed by this Republick to be their Ambassador Extraordinary to the Grand Signior, having performed their Quarantaine at the *Lazaretto*, came on Monday last into this City, and were nobly entertained by his Excellency, who designs in few days to begin his Journey to *Constantinople*, where it is believed his Presence will be necessary for adjusting with the Ministers at the Port the Differences that are arisen between the *Venetian* and *Turkish* Commissioners for setling the Limits. Our last Advices from *Dalmatia* give an account, that the Imperial, the *Venetian*, and the *Turkish* Commissioners, met together on the 29th past on the Frontiers of *Dalmatia*, in order to settle the Limits between the Dominions of their respective Masters

Warsaw, Aug. 13. An Extraordinary Meeting of the Senate was held yesterday, to consider of the Affair of *Elbing*, and what Instructions are fit to be given to the Commissioners who are to Treat with those appointed by the Elector of *Brandenburgh* for accommodating this Business; As also what Number of Forces it will be necessary to keep on foot in this Kingdom; By what Means their Subsistence shall be provided for, and what Quarters the Country is to provide for them. They met again this day, and it's thought this may oblige the King to delay for some days his Journey to *Teplitz*, his Majesty being desirous to see these Matters determined before he leaves this Place. The Baron *Werner*, Envoy from the Elector of *Brandenburgh*, arrived here yesterday, and the other Commissioners whom his Electoral Highness intends to send to this Place, are shortly expected.

Vienna, August 15. Count *Zedelinski*, Envoy Extraordinary from the Emperor to the Crown of *Poland*, is returned to *Warsaw*. Our last Advices from *Andrinople* say, the Grand Signior had left that Place, in order to his return to *Constantinople*; And that *Ibrahim Bassa*, whom he is sending to the Emperor with the Character of his Ambassador Extraordinary, would begin his Journey hither about the middle of this Month. The *Turks* do insist, that the Town of *Novi*, situate on the Borders of *Croatia*, be left to them, which delays the finishing the Business about settling the Limits between the *German* and *Turkish* Dominions, but it's hoped this Matter will be adjusted by the *English* and *Dutch* Ambassadors at the Port, who, as Mediators of the late Treaty at *Carlowitz*, have been desired by this Court to employ their good Offices to that effect. Our last Advices from *Hungary* say, the *German* Forces continue to work with great Application on the Fortifications that are making at *Arat*, and the other Frontier Places; That both the *Germans* and the *Turks* are cultivating great Tracts of Land on those Borders which have lain waste a considerable time by reason of the War, and are rebuilding several Villages that were ruin'd, and that they have a free Entercourse and Trade with each other.

Francfort, August 23. Baron *Muller*, Envoy from the King of *Sweden* to the Elector Palatine, who came hither some days ago from *Dusseldorp*, is gone to attend his Electoral Highness at *Weynheim*. The Heer *Binder*, Commissioner from the Emperor for adjusting the Dutchess of *Orleans*'s Pretensions on the Palatinate, is returned hither from *Swalback*, and the *French* and Palatine Commissioners are likewise daily expected here, in order to renew their Conferences for settling this Matter. We hear, part of the *French* Troops that were encamped near *Landau*, are marching back to their Quarters, and that the rest are to continue there till the entire Payment be made of the 300000 Livers which the Elector Palatine has agreed to give the Dutchess of *Orleans*, of which 100000 is already paid.

Brussels, August 28. The Elector of *Bavaria* returned hither the 26th Instant from *Marimont*, where he has been to divert himself with Hunting. The Count of *Dietrichstein*, Envoy Extraordinary from the Emperor, who accompanied his Electoral Highness, is also come back to this Place, and will have his Audience of Leave of the Elector
